# InUnity Mangaluru Valedictory Ceremony

We are happy to share the graduation of the second cohort of the Entrepreneurship Program by our partner Inunity. This program, in collaboration with the Confederation of Indian Industries, Mangaluru, was initiated with the vision of identifying entrepreneurial youth across the Mangaluru region in Karnataka to solve local challenges. This was launched in September 2021.

The program has teams that successfully develop solutions to local problems with a business model that sets the tone for their entrepreneurial journey in several sectors such as agriculture, finance, education, healthcare and others. We congratulate all the cohorts who were part of the program and wish them the best! The program is now poised for further growth and wider adoption across the state.
